

Applied Chemicals Anwendungstechnik
Technical Service is our Success

High Tech Products for a High Tech World

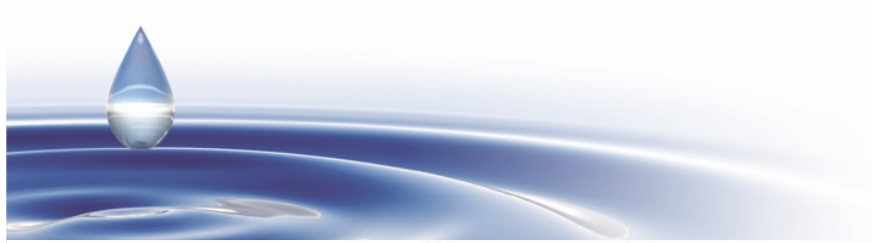

Applied Chemicals Anwendungstechnik
Technical Service is our Success

Philosophy

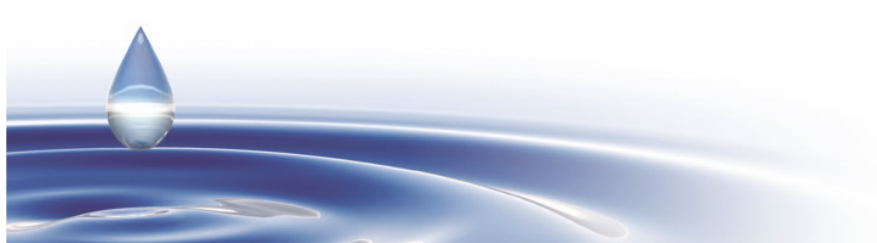

- Sourcing of intelligent products and technologies and technical marketing with specially trained personnel.
- High competence together with customer intimacy is leading us into long term supply and secure customer relations.
- Adding value to our products due to our unique and well appreciated technological excellence.

- Chemicals, minerals & machinery for all kinds of paper and board production processes and effluent treatment

Paper Chemicals for Retention and Drainage, Cationic and Anionic Polymers for Waste Water Treatment, Fixing Agents, Bentonites, Defoamers, Odour Control Aids, Machinery & Equipment, Consulting, Coating and Sizepressadditives

Applied Chemicals Anwendungstechnik
Technical Service is our Success

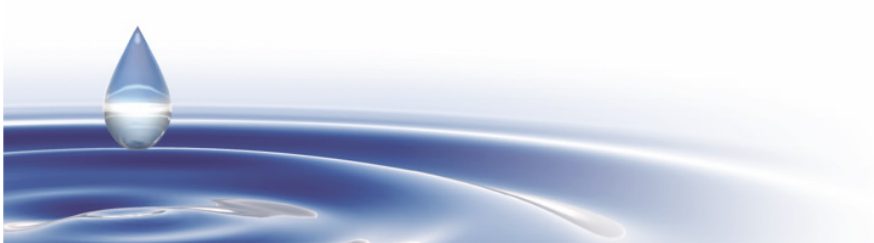

water [] **tech**

- Chemicals and specially designed equipment for municipal and industrial effluent treatment and odour control

Organic Flocculants / Inorganic Coagulants / Biological Boosters / Odour Control Aids / Sewer Treatment Dosage Control Systems / Peripheral Equipment / Application Development / Special Products for Cooling-, Boiler- and Condensate Systems

Applied Chemicals Anwendungstechnik
Technical Service is our Success

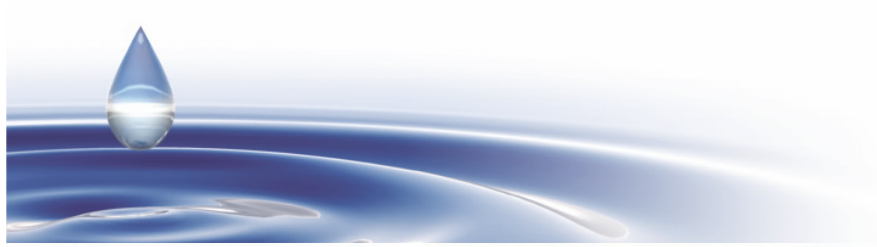

machine [] **tech**

- Designing, producing and installing of make-up and storage equipment, conveying systems and various peripheral equipment.

Turnkey delivery of various Installations / Polymere Preparation Plants / Mechanical Treatment Plants / Solar Drying Systems / Centrifuges / Screw Presses / Spiral Conveyor / Fully Automatic Belt Drier / Spare Part Sales

Applied Chemicals Anwendungstechnik
Technical Service is our Success

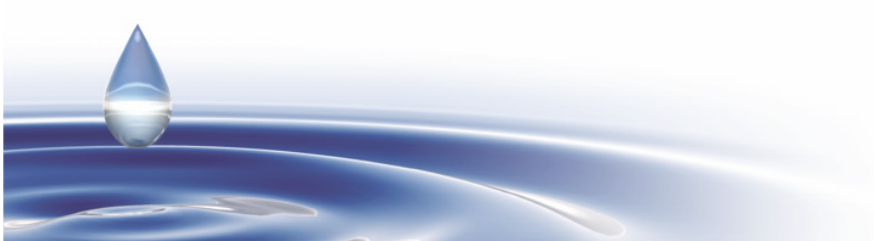

chemical [] **tech**

- Various speciality chemicals for the paint-, building supply-, ceramics-, polymer-, and various chemical industries.

Defoamers liquid and powder / Wetting and Dispersion Agents / Acrylic- and Polyurethan Thickeners / Levelling Agents / Waterproofing Agents / Various Fillers / Preservation Agents / Special Pigments and Dyes / Waxes

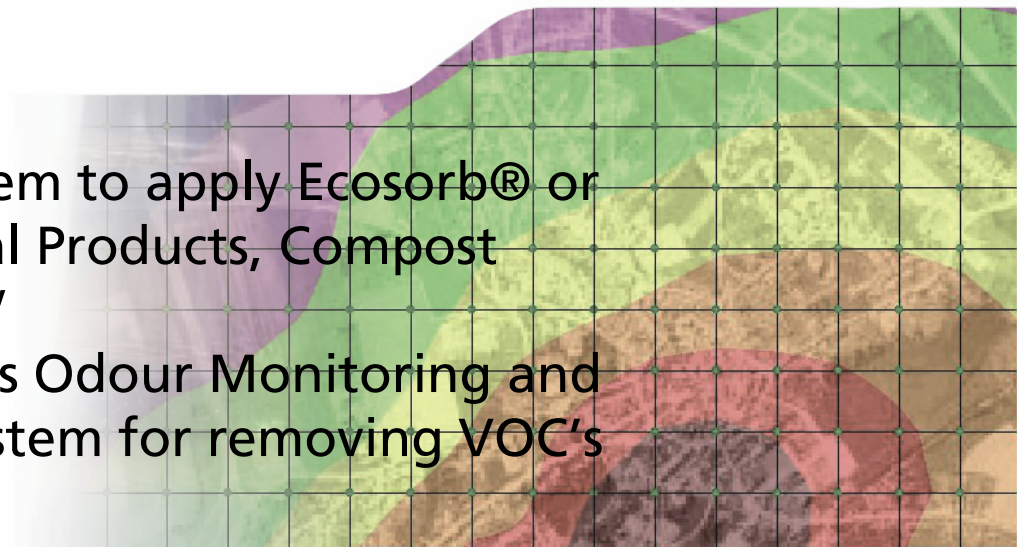

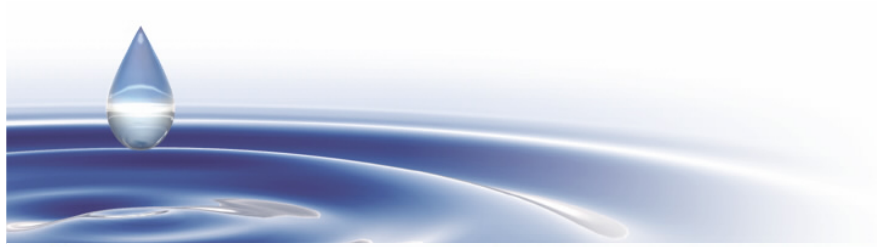

Applied Chemicals Anwendungstechnik
Technical Service is our Success

- Environmental products for improvement of soil and air aside of waste water treatment

Odour Control Aids / OdoJet-System to apply Ecosorb® or
Dust Suppression / Microbiological Products, Compost
Processes and Land Remediation /
Technology to provide continuous Odour Monitoring and
Dispersion Modelling On-site / System for removing VOC's

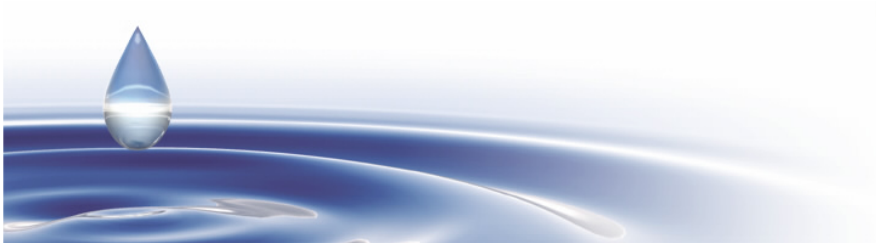

Applied Chemicals Anwendungstechnik
Technical Service is our Success

Other Services

- Full logistic service including batch number controlled supply, custom services, electronic supply control and all forms of financial services.
